TimeTarget Features

Fast, Effective Rostering

- Colour-coded staff Roles
- Roster by staff member, skill, job, task or role
- Plan future Rosters
- Trigger warnings for staff overtime, staff who do not meet qualifications

Multi-Site Friendly

- Process payroll for more than one site/store.
- Multiple Geographical Location Timesheets located in a central system

Advanced Award Interpretation

- Implement pay rules for contracts, EBA, ECA, Modern Awards or Salary
- Accurately costed rosters with breakdown of award specifics
- Accurate Authorised Timesheet costs
- Customisable to client's need
- Accurate exports to payroll

Error-Free Payroll Processing

- 50% faster than manual processing
- No data entry, award interpretation, leave forms or handwritten timesheets to consider
- No need for knowledge of award interpretation

Export To Payroll

- Works with over 50 payroll systems including MYOB, Talent2, Wage easy, Attache & Micropay

Software/System Implementation

- Numerous hosting options
- Light installation based on SQL database

Finger Vein Scanning

- Non-Contact
- Cut, damaged, pigmented or moisturised fingers can still be read-unlike fingerprints
- Faster & superior scanning
- Auto-match technology eliminates the need for pin or access codes

Leave & Absence Management

- Fully integrated with rostering process
- Simple weekly maps show availability of staff
- Managers are immediately informed of staff leave requests
- Time of request recorded to avoid leave request clashes
- Staff automatically informed of approved leave requests

Workforce KPI's

- Ability to input any relevant numerical data
- Data can be used for comparison to labour data related to hours, costs & productivity
- Make educated decisions on how to staff for future events

Time & Attendance Kiosks

- Honest staff receive information & feedback, dishonest staff understand that they must adhere to start & end times
- Provides staff with view of rosters, current timesheets, messages, current availability map and leave requests

Employee Self-Service

- Free up valuable time for payroll & HR staff
- Runs in workplace, office or home
- Seamless interface to payroll & HR systems
- Deliver payslips electronically

Range of Industries

- Grocery
- Hospitality
- Retail
- Healthcare
- Logistics
- Manufacturing
